About Me

My name is Seth Young. I am from Orem, Utah, and I am currently studying Construction Management at Brigham Young University with an emphasis on Facilities and Property Management. I have a passion for large-scale construction projects and hands-on field engineering work. I've completed multiple internships with Zwick Construction, gaining experience in subcontractor management, punch lists, RFIs, submittals, and site safety.

My Background

- BYU Construction Management Major
- 3.85 GPA
- Fleet Project Engineer intern at Zwick Construction
- Eagle Scout
- Retired Missionary (NYC Spanish Speaking)

My Hobbies

- Construction & building projects
- Carpentry
- Volunteering
- Football & wrestling
- Outdoor activities

The screenshot shows a code editor interface with the following details:

- File Explorer (Left):** Shows files in the current workspace, including `IS WEBR`, `Images`, `About Me_Seth Young.pdf`, `Family Photo.jpg`, `My Resume.pdf`, `profile pic seth.jpg`, `Seth Young _Home.pdf`, `AboutMe.html`, `Index.html`, and `Resume.html`.
- Code Editor (Center):** The `Resume.html` file is open, displaying an HTML template for a resume. The code includes meta tags, styles for body, h2, h1, and a hover effect, section boxes, and profile images.
- Output (Bottom):** Shows the build status as "In 72 Col 21" and provides options to "Describe what to build next" and "Agent".
- Right Sidebar:** Includes a search bar, a tree view of the project structure, and a message from AI stating: "All responses may be inaccurate. Generate Agent Instructions onboard AI onto your codebase".
